

BrassiCAE is now a majority owned subsidiary of Quest Informatics.

Quest Informatics acquires BrassiCAE

Quest Informatics Pvt Ltd, Bangalore and BrassiCAE Technologies Pvt Ltd, Chennai have signed an agreement to this effect.

This subsidiary arrangement has created a novel partnership which has opened up new opportunities for both the companies.

In this partnership, Quest Informatics gains a company with history of excellence in BEFORE MARKET expertise including CAE & Design and a team of respected industry veterans, while BrassiCAE gains the backing of established AFTERMARKET specialist company with great ambition for expansion, long list of reputed clients, world class products and services.

The strategic acquisition is in line with Quest Informatics expansion plan of its integrated aftermarket services by bringing together complementary frameworks, ready-to-use solutions, and marquee customers.

"An integrated BEFORE and AFTER market play is the driving force for this acquisition. As we were looking to fuel the next level of growth, joining hands with Quest informatics provides us with a great platform", said Satish V, Managing Director-BrassiCAE.

Rudresh Basavarajappa, CEO & Chairman of Quest Informatics said, "We have been working together as a consortia and are very happy with the meeting of minds and principles. BrassiCAE's skills, experience and team complement Quest Informatics and its other subsidiary Atarw Technologies immensely".
